Item 3 - Disciplinary Information

Mr. Lewis has no information applicable to this Item.

Item 4 - Other Business Activities

FCA is related due to the common ownership to FinTrust Brokerage Services, LLC ("FTBS"). FTBS is an affiliated broker-dealer firm that is registered with the SEC and is a member of FINRA/SIPC. FCA and FTBS share office space, personnel and facilities, and on occasion serve the same clients.

Mr. Lewis is a Registered Representative of FTBS. In his capacity as a registered representative he may be compensated through commissions based on the sale of securities, investment products and trails received from the sale of mutual funds or other products. This additional compensation may present a conflict of interest because it creates an incentive to recommend products and services based upon compensation, rather than on your needs. However, Mr. Lewis is constrained by fiduciary principles to act in your best interest. Mr. Lewis will explain the costs associated with any recommendations he makes and you are under no obligation to purchase any recommended products.

Item 5 - Additional Compensation

Mr. Lewis does not receive compensation for advisory services by anyone who is not a client.

Item 6 - Supervision

Valerie Smithey serves as FCA's Chief Compliance Officer responsible for oversight and supervision. Mrs. Smithey can be reached at (864) 288-2849.

Mr. Lewis is required to adhere to FCA's processes and procedures as described in our Code of Ethics. FCA and its CCO monitor the advice that Mr. Lewis gives by reviewing the relevant account opening documentation when the relationship is established and reviewing client correspondence periodically. In addition, account activity is reviewed periodically to ensure that trading is in line with your stated objectives. Following these reviews, reports are prepared to assist Mrs. Smithey in supervising and monitoring the accounts. Factors that are considered include, but are not limited to the following: investment objectives, targeted allocation, current allocation, suitability, performance, number of trades, monthly distributions, concentrated positions, diversification, and outside holdings. Periodically, the members of FCA's investment committee meet to review portfolio holdings and suggest to the other members any changes that may need to be made.
